Subject: FOIA request for NPDES documents related to nutrient optimization and CSO compliance

The Connecticut River Conservancy (formerly Connecticut River Watershed Council) is requesting the following documents from EPA.

Municipal WWTP Facility	NPDES Permit No.	Reports requested by CRC (dates estimated, based on NPDES permit)
Amherst	MA0100218	<ul style="list-style-type: none">▪ Nitrogen optimization evaluation report: 9/28/2012▪ 5 most recent years of annual N optimization report due 4/1
Athol	MA0100005	<ul style="list-style-type: none">▪ Nitrogen optimization evaluation report: 8/1/2009▪ 5 most recent years of annual N optimization report due 2/1▪ Phosphorus optimization evaluation report: 11/30/2009.▪ (if submitted) Facilities plan to meet TP limit: 5/31/2010
Chicopee	MA0101508	<ul style="list-style-type: none">▪ Nitrogen optimization evaluation report: 8/15/2013▪ 5 most recent years of annual N optimization report due 2/1▪ Report on impact of CSO abatement on N loads – due with reapplication (~2017)▪ 5 most recent years of CSO 9 Minimum Control annual reports due 4/30
Easthampton	MA0101478	<ul style="list-style-type: none">▪ Update to 2008 nitrogen optimization report, if completed▪ 5 most recent years of annual N optimization report due 4/1
Gardner	MA0100994	<ul style="list-style-type: none">▪ TN and TP optimization evaluation report: 12/1/2010▪ 5 most recent years of annual TN and TP optimization report due 2/1
Greenfield	MA0101214	<ul style="list-style-type: none">▪ Nitrogen optimization evaluation report : 9/28/2012▪ 5 most recent years of annual N optimization report due 2/1
Holyoke	MA0101630	<ul style="list-style-type: none">▪ 5 most recent years of annual N optimization report due 2/1▪ 5 most recent years of CSO 9 Minimum Control annual reports due 4/30
Montague	MA0100137	<ul style="list-style-type: none">▪ Nitrogen optimization evaluation report: 9/23/2009▪ 5 most recent years of annual N optimization report due 3/1
Northampton	MA0101818	<ul style="list-style-type: none">▪ Nitrogen optimization evaluation report: 9/30/2009▪ 5 most recent years of annual N optimization report due 2/1
Palmer	MA0101168	<ul style="list-style-type: none">▪ Nitrogen optimization evaluation report: 1/21/2012▪ 5 most recent years of annual N optimization report due 2/1
South Hadley	MA0100455	<ul style="list-style-type: none">▪ Nitrogen optimization evaluation report: 9/27/2013▪ 5 most recent years of annual N optimization report due 2/1
Springfield CSOs	MA0103331	<ul style="list-style-type: none">▪ CSO 9 Minimum Control report that included public notification plan due 3/31/2010▪ 5 most recent years of CSO 9 Minimum Control annual reports due 3/31
Westfield	MA0101800	<ul style="list-style-type: none">▪ Nitrogen optimization evaluation report: 9/30/2010▪ 5 most recent years of annual N optimization report due 2/1
